

Interview Questions  
NSIP Board Member

1. (Bert) Just to get us started, briefly tell us a little bit about yourself as a SAM.
2. (Paul) From your perspective, what do you think the role is of the board for the National SAM Innovation Project?
3. (Mark) Where do you see the SAM project 5 years from now?
4. (Bert) How will you manage the demands of being an NSIP board member along with all of your other demands?
5. (Paul) Tell us what you think is the greatest strength of the SAM project?
6. (Mark) Tell us what you think is the greatest opportunity for growth in the SAM project?
7. (Bert) What do you think you and your principal or other leader will need three years from now that the SAM project doesn't currently provide?
8. (Paul) What do you think you will be able to contribute as a member of the NSIP Board of Directors?
9. (Mark) Is there anything else you want to share with us?
