

## NSIP Board of Directors Application Form

**NSIP Mission:** *SAM teams in every state creating greater teacher and learner success. SAM is a data driven process with unique tools to help a principal and school community make the transition. Instead of the manager of the building, a SAM principal manages the management so the focus can be in instructional leadership: improving teaching and learning through a collaborative process with teachers, parents and students.*

**Board Expectations:** *NSIP Board members provide direction and vision for the National SAM Innovation Project. They annually review and sign the Board Member Job Description and the NSIP Board of Directors Standards of Practice Agreement. Board members must be able to attend two annual meetings in person: the third Friday in September and the last Wednesday in January preceding the annual National SAM conference. All transportation, lodging and meal expenses are covered by NSIP. Additionally, Board members may be asked to participate in online meetings and provide input on NSIP issues.*

*This particular board member position provides the valuable perspective of a SAM principal. As a dedicated SAM principal, there is accurate and routine use of TimeTrack, effective use of First Responders, and committed participation in daily meetings with their SAM.*

### General Information

Name: \_\_\_\_\_

Address: \_\_\_\_\_

Email Address: \_\_\_\_\_
